

Lantumo Birhanu(Henok)

Frontend Developer

✉ hbirhanu.dev@gmail.com  linkedin.com/in/lantumobirhanu  lantu.pro.et

Frontend Developer specializing in Next.js, React, and TypeScript with 3+ years of experience building responsive, scalable web applications and collaborating with remote teams to deliver high quality user experiences.

EXPERIENCE

Frontend(three.js) developer, Ideeza  11/2025 – Present | Israel

- Developed interactive 2D/3D interfaces using React, Three.js, and WebGL with real time visualization features.
- Built reusable frontend components and improved application responsiveness for complex user workflows.

Fullstack Developer, Freelancing  01/2024 – 11/2025 | Ethiopia

- Built and delivered 8+ production web applications for startups and businesses.
- Developed modern web apps using Next.js, React, TypeScript, and Node.js.
- Designed scalable APIs and database solutions using PostgreSQL, Prisma, and MongoDB.
- Collaborated with clients remotely to deliver reliable, user focused products.

EDUCATION

Arbaminch University 02/2020 – 07/2025 | Arbaminch, Ethiopia
Bachelor's Degree in Electrical and Computer Engineering

SKILLS

Frontend

- Next.js
- React.js
- TypeScript
- JavaScript
- Tailwind CSS
 - Redux

Backend

- Node.js
- Express.js
- REST
- PostgreSQL
- Prisma ORM

PROJECTS

AI Mentor Plus AI Course Generator 

- Built an AI powered platform that generates structured courses from simple user inputs.
- Developed course management dashboards and responsive user interfaces.
- Integrated OpenAI and Gemini APIs with Next.js application workflows.

Zembil E commerce Platform 

- Built a full stack e commerce platform with customer storefront and admin dashboard.
- Integrated Stripe and PayPal payments with secure checkout workflows.
- Developed product, order, and user management features with a scalable backend.

Lost & Found Community Platform 

- Built a platform for users to report, search, and manage lost or found items.
- Developed item posting, image upload, and search or filter functionality.
- Created a responsive user interface with Next.js, React, and Tailwind CSS.
- Designed and deployed the application independently.
